

## Student Life

---

# THANK YOU.

**November 12, 2021**

Student Life Staff,

Clearly, this has been a most remarkable academic year as we welcomed the largest freshman class in Baylor history, continued to manage a global pandemic, and returned to fully in-person classes and campus-wide events. It has taken each of us working together to lead Baylor forward, and I am so thankful for the many ways you make a difference in the lives of our students. As you will remember, at the start of this year we set out five Divisional priorities to guide our work.

**Division of Student Life Five Priorities for 2021-2022:**

1. Rebuild Student Engagement & Involvement to Near Pre-COVID Levels
2. Broaden Student Faith Formation and Discipleship Experiences
3. Enhance Student Health and Well-being Intervention Strategies
4. Strengthen Understanding and Support of an Increasingly Diverse Student Body
5. Create New and Leverage Existing Spaces for Student Learning, Living, and Leadership Experiences

In the next five weeks leading to the end of the semester, members from our senior leadership team will join me in providing updates on the substantive progress we, as a Division, have made towards achieving these priorities—so be watching for our Friday messages and know that you are on our hearts and minds as we seek to finish this semester strong and well.

With appreciation for all that you do for Baylor,

Kevin P. Jackson, Ph.D.  
Vice President for Student Life
