Move2BU → Move20BU

Below are a few quotes parents posted to Facebook reinforcing the success of Move2BU the past two days.

Moving students to Baylor is an all-campus effort and much thanks to everyone that participated. **This year we had over 2,800 volunteers** including a record of roughly 2,500 student participants, (including representation from over 50 student organizations), nearly 170 staff/faculty, and more than 180 external volunteers (such as local churches). All told, **almost 2700 students moved in during Move2BU** and it was impressive! Nearly 1500 students moved in on Wednesday and an additional 1200 moved in on Thursday. Add in the roughly 1300 students that participated in early move-in, and **in total 4,034 students moved into the Residence Halls this past week.** Add to those numbers all of the proud friends and family students brought with them and campus was pretty full the past two days. Well done everyone!

This year was particularly a special Move2BU as it marked the 20th anniversary of Move2BU and move-in day in its current iteration. **There is one person who deserves a special thank you and shout out and that is Dr. Kim Scott. Kim has faithfully and tirelessly ran Move2BU for twenty years now!** Anyone who has been involved knows what a logistical feat Move2BU is, and how well it runs year over year, and that is a testament to Kim's leadership. There is a lot that goes into Move2BU and each year it requires months of planning, coordinating things such as volunteers, parking, security, hydration and snacks, driving routes, communication to parents and students, and much more. Kim does all of that with grace, competence, and a smile on her face. **If you see her, please congratulate her on this milestone and thank her for all that she contributes to Baylor!**
